And wo to the infatutor, New Departure Nincompoop, or Anti-Passive Democratic Jassack who heeds not the warning! We'll all land "right side up with care."

Peace will be restored, in reality. The White House Boor and Auctioneer will slink back to his tan yard obscurity. Many a loyal leader of to-day, will ornament a first-class gallows, or howl his harmless venom through penitentiary grates. Every iniquitous enactment of the past ten years of national nightmare, will be abrogated. All the vile brood of all land "right side up with care." abrogated. All the vile brood of will hunt their kennels, or be scourged, yelping, back to their native lying, blackguarding and stealing, in having learned wisdom by sad exhell. Editor Caucasian—Dear sir: Please send me specimen number of the Caucasian, and I will see if I can get up a city for your paper. Though your platform is seemingly Radical, still I believe in the Radical party, and then between the two take the least objectionable. Would founded on Truth and Justice, and think in the near future, we must, from necessity, if not fp-m choice, adopt "State" Sovereignty, White Supremacy, and adopt the course! If it don't, anarchy suffix play when compared with what is sopicitionable. This last plank is objectionable to many Democrate; perhaps, self interest actuacts them, and they cry out lest their "craft be in danger." Let us have an opportunity of examining you.

The day is neaf at hand, whe'n the whole nation shall rise, as one man, for Teste Democratic party and the very death.
